# Pentel RECYCOLOGY™

THE SCIENCE OF REDUCE, REUSE AND RECYCLE

## THE PENTEL PATH TO RECYCOLOGY™

Pentel created the Recycology™ program to enhance its mission of helping the environment by creating less waste and increasing recycling activity.

At Pentel, we recognize that our natural resources represent our future. We are working hard to make a positive contribution to the environment by minimizing our use of natural resources.

Pentel is focused on protecting natural resources and the environment at all stages of the manufacturing process. In our Recycology™ products, we ensure that all products meet strict environmental standards and use both recycled content and post-consumer recycled content in these products.

## PATH TO RECYCOLOGY TIMELINE:

The Pentel Ibaraki Factory was recognized and honored for its waste water treatment facilities and its participation in environmental friendly programs.

Pentel completely abolished the use of substances which are harmful to the ozone layer.

Pentel adopted the "Pentel Guidelines of Corporate Activities", which details our corporate social responsibility and intention to build a sustainable enterprise.

Pentel carries a full line of products made from recycled plastic in all writing categories.

1974

1992

1995

1996

2005

2007

2016

Pentel Corp. Began cooperation with the World Wide Fund for Nature (WWF), known as the World Wide Fund in the U.S.

Pentel developed the "Pentel Environment Platform" to outline its philosophy of protecting the global environment and controlling pollution.

Pentel instituted the Recycology™ program in which all products are made from a minimum of 50%\* recycled materials by weight.

\* excluding consumable content and refills

Recycology™ embodies the 3Rs and we hope that you do too: **Reduce, Reuse and Recycle.**

# ORENZ™

UNIQUE ANTI-BREAKING LEAD SYSTEM

## SUPER SLIDING SLEEVE™

PREVENTS LEAD FROM BREAKING

The lead automatically feeds out as the protective metal sleeve retracts into the barrel. Once the sleeve fully retracts, simply give it 1-Click and continue writing.

# ORENZ™

## 1-CLICK MECHANICAL PENCIL

- Click only once to extend the unique Super Sliding Sleeve™ and keep writing until the sleeve fully retracts then click only once again
- Lead should not extend past the metal tip - it will write without you actually seeing the lead
- Unique Super Sliding Sleeve prevents lead from breaking - even very fine 0.2mm and 0.3mm lead
- Pre-loaded with Pentel Super Hi-Polymer "B" lead; never needs sharpening and produces a clear dark line. (Can be refilled with HB #2 lead)
- Retractable tip to protect pockets and purses
- Available in 0.2mm, 0.3mm, 0.5mm and 0.7mm lead sizes

Barrel Colors:

Conforms to  
ASTM D 4236

# Pentel Arts Sign Pen®

- *Porous Point Pigment Ink Pen*
  - Permanent pigment ink is acid free, fade and water resistant
  - Durable fiber tip won't break down or "mush"
  - Snap-tight cap helps your ink last longer
- *Porous Point Water-Based Dye Ink Pen*
  - The original fiber-tipped pen
  - Perfect for general writing, drawing, doodling and adding character to any signature
  - Bright and intense water-based dye ink is perfect for any time you put ink to paper
  - Snap-fit cap prevents the extra-durable tip from drying out when not in use
- *Brush Tip Water-Based Dye Ink Pen*
  - The richly saturated colors are fully blendable with water and other Sign Pen Brush® colors
  - Tip can be diluted with water to get a full range of values
  - Great for a variety of techniques, including feathering, cross hatching, outlining, calligraphy and detailed line work
  - Wear resistant, pressure sensitive, flexible tip
  - Will not dry out if left uncapped and can be cleaned with a paper towel

# Pentel Arts Hi-Polymer® Eraser Caps

## NON-ABRASIVE ERASER

- High quality latex-free eraser removes lead easily and cleanly with very little pressure
- No smudges, no paper tears and no ghosting
- Fits on most woodcase pencils

### ZEH02

MSRP:	\$1.99 per pk	ORIGIN	CHINA
-------	---------------	--------	-------

# Pentel *Arts* Wet Erase

## CHALK MARKER

- For use on sealed, non-porous surfaces such as glass, metal, plastic, porcelain, glazed pottery, and fiberglass
- High-opacity liquid chalk marker is acid-free and produces solid lines you can't see through
- Decorate windows and mirrors; temporarily label storage containers and gardening supplies; or create unique crafts
- Ink won't wash off in the rain, yet easily wipes away with a clean, damp cloth
- Jumbo tip for big, bold lines
- Chisel tip for fine to medium lines
- Not suitable for use on chalkboards

Conforms to  
ASTM D 4236

### SMW26 (Chisel Tip), SMW56 (Jumbo Tip)

<b>MSRP:</b>	\$4.50 per chisel tip marker	<b>ORIGIN</b>	JAPAN
	\$7.99 per jumbo tip marker
