

Pentel.

WELCOME TO OUR 2015/2016 CATALOGUE

COLOUR CODES

The letter 'M' in front of a colour denotes a metallic shade. The letter 'L' denotes a pastel colour

Some items are available while stocks last. For more information contact your Pentel representative.

Line widths described in this catalogue are approximate Percentage of recycled content correct at time of going to press. In the following pages you'll find our latest products, together with tried and trusted favourites, each item reflecting the quality, innovation and performance you expect from Pentel.

As well as our fantastic range of writing instruments we're pleased to include our Recycology soft plastics collection of display books and presentation files made from at least 50% recycled materials. You'll also find in our Pentel Arts collection, a wonderful array of products to inspire creativity across many different media.

We're proud that Pentel has been responsible for the development of ideas behind two-thirds of the writing instruments in use around the world today. From the first acrylic fibre-tipped pen, to quick drying EnerGel liquid gel ink, our goal is to create products that inspire.

Quality is at the heart of everything we do. Pentel has a company-wide total quality management programme and our factories are registered to ISO standards.

We are also committed to manufacture products that are safe to consumers and the environment, using recycled materials where possible and low-odour inks.

For more information on any of our products please contact your Pentel representative or call our customer services team on **00 44 (0) 1793 823333.** E-mail **salesoffice@pentel.co.uk** or visit our website: **www.pentel.co.uk**

RECYCOLOGY THE SCIENCE OF REDUCE, REUSE AND RECYCLE

CORPORATE PARTNERSHIPS

As responsible manufacturers Pentel strive to ensure that the natural resources we employ are used economically and sensitively throughout our entire company operations.

In product development, where possible we use recycled materials, such as plastics and paper. We also make many products which can be used for a long time – for example refillable pens and mechanical pencils.

The number of Pentel products with a demonstrable ecological benefit increases every year. But it's not necessarily a new initiative: for many years Pentel has been seeking ways of producing longer lasting products that are more efficient to produce and require fewer of the world's valuable virgin resources.

Now, our commitment to the principles of the three Rs - **reduce**, **reuse**, **recycle** – manifests nowhere more strongly than in Recycology. A philosophy that informs many aspects of our business, from the way Pentel endeavour to reduce power consumption to the use of recycled materials in our products, Recycology is also the name of a Pentel filing and presentation range.

Recycology files, display books and organisers are made from at least 50% recycled materials*, designed to reduce manufacturing impact on the environment. But, use of recycled materials does not mean we compromise on quality or performance.

Throughout this catalogue you will see the Recycology logo next to many of our products, including pens, markers, mechanical pencils and correction products, denoting the use of a minimum of 50% recycled materials*.

Recycology: a step towards a brighter future.

*% based on total weight of product excluding consumable elements.

Pentel is proud to be a corporate partner of Breast Cancer Campaign, Prostate Cancer UK and the Marie Keating Foundation. Thanks to your support we continue to raise thousands of Pounds to help fund vital projects in the UK and Ireland to improve the lives of those who suffer from or are affected by cancer.

We've supported Breast Cancer Campaign since 2006 and we've raised over **£1 million pounds** for the charity to date. Our relationship with Prostate Cancer UK is more recent, but donations to the charity are already in excess of **£370,000**.

We are proud to be accepted as a corporate partner to the Marie Keating Foundation and look forward to helping raise valuable funds for the very important projects supported by the charity in Ireland.

Our special edition products are available from many customers, plus our own online store. We make a donation to the respective charity for every pen sold through these channels which is clearly stated online and on packaging and point of sale materials.

You can keep up to date with our latest fundraising totals by visiting our website: **www.pentel.co.uk**

Find out more about our partnerships with Breast Cancer Campaign, Prostate Cancer UK and Marie Keating Foundation and help us raise more money to support the work of these important charities.

Breast Cancer Campaign seeks out the best research and brings together the brightest minds to overcome breast

cancer. The charity funds world-class research projects across the UK and Ireland that could help put an end to the disease. In Spring 2015, they will join forces with Breakthrough Breast Cancer to form the largest dedicated breast cancer research charity in the UK. United, their aim is that by 2050 no one will die from breast cancer.

Visit www.breastcancercampaign.org for more information See pages 9 and 19 for product details.

ROSTATE CANCER UK

Prostate Cancer UK is the country's leading charity for men with prostate

cancer. They fight to help more men survive and enjoy a better quality of life and they support men and provide vital information. The charity finds answers by funding research and leading change, raising awareness and improving care.

Visit www.prostatecanceruk.org for more information See page 9 for product details.

The Section

Following their mother Marie's death in 1998 from breast cancer, the Keating family promised to try to provide

everyone with vital information which could help them to prevent cancer or detect it at its earliest stages. Their collective aim was to "enlighten not frighten". The Marie Keating Foundation is now a leading voice in cancer awareness and information for both men and women in Ireland.

Visit www.mariekeating.ie for more information

See page 9 for product details.

With its revolutionary low viscosity liquid gel ink, the EnerGel formula is quicker drying and smoother flowing than ordinary gel ink, giving a similar sensation to liquid ink. Because the ink dries super quickly it's appreciated by right and left-handed writers alike, as it produces smudge-free results on paper or hands.

Unlike liquid ink products, though, EnerGel doesn't need a regulator to control its flow - the ink is delivered directly from the reservoir or refill to the tip in one smooth transition. That's why the family of EnerGel products gives you the ultimate yet affordable writing experience!

The majority of the EnerGel range is made from a minimum of 50% recycled material.

Pentel's gel is a pigment-based ink which is waterproof and rich in colour. Perfect for creative use or everyday writing, the ink flows smoothly to the last drop. There are many products and styles to choose from within the popular range, with nearly 20 stunning colours and a variety of tip sizes.

All Pentel gel rollers are acid-free. The rising star is the Slicci family, with its shorter length, attractively styled barrel,

Now we've improved our pigment gel ink technology even further, with the addition of fade-resistant and waterproof ink, suitable for official documents (as used in our fantastic Hyper G gel roller).

SUPERBÅLL

Rollerballs

Pentel developed the original rollerball pen - the world-famous green-barrelled Ball Pentel, which is still a firm favourite 40 years after its launch. Its smooth flowing ink and cushioned ball tip have become a benchmark over the years for effortless writing every day.

Our rollerball products feature water-based or pigment ink that glides evenly over paper with no skipping or blotting, and lasts longer than many other ink types.

Plastic/Fibre Tip Pens

Pentel developed the very first fibre tipped pen - the world famous Sign Pen - over 50 years ago. This product, along with others such as the Ultra Fine Pen, helped establish our reputation for performance and innovation. Half a century on, Sign Pen and Ultra Fine are still firm favourites in the studio, office, college and home, complemented by new members to the family and, of course, our famous delta-nibbed fountain pen range.

When it comes to markers, Pentel products offer unparalleled quality, choice, reliability and performance. Our extensive range provides a product for virtually every purpose, from tough, durable permanent markers for a variety of surfaces, to dry wipe markers for presentations and meetings, liquid chalk markers for everyday signs and notices, and highlighters for colour-coding, underlining or ear-marking key passages of text or figures. It's no wonder we've been a leader of marker technology for many years.

Fabric Fun Pastel Dye Sticks

- People of all ages can enjoy this fun, easy way to transform natural absorbent fabrics with unique designs
- Apply pastels directly onto fabric • Cover completed design with a clean sheet
- of paper or cloth, and press over it with a hot iron to set the dyes
- Once set, the design is permanent and won't wash out. (If you're not happy with your design, don't iron it, but wash it out in cold water and start again)
- Works best on natural, absorbent light-coloured fabrics such as cotton, linen or silk

N.B. Even if the dyes haven't been fixed using an iron, Pentel can't guarantee that the colours will be completely removed after washing.

PTS-7 PTS-15 PTS15/NSHIRT

Water Colours

- Set of 12 vibrant colour paints in easy-to-use tubes
- Blend easily to create subtle hues
- Dry evenly, fade-resistant, will not crack or flake
- Ideal for layering colour over colour (glazing) without turning 'muddy'
- Plastic tubes allow every last drop of paint to be used
- Great to use in conjunction with oil pastels and colour pencils
- Once colours dry on palette, easy to re-use when water is applied

Aquash Crayon And Water Brush Set Pentel

GSK1-10

WFRS-12

- The Aquash watercolouring crayon and brush set is so simple to use that you can now enjoy creating watercolour-style painting anywhere!
- Durable nylon tip brush with 10 vivid acid-free pigment crayons, sponge and sharpener - all in one handy set!
- Simply sketch like conventional crayons and blend your work with the water brush
- Or, use like solid watercolours, by wetting the tip with the water brush before use

Available while stocks last

Aquash Water Brush

The Water Brush has a little water reservoir in the barrel. It can be refilled easily and as often as desired. By pressing the barrel, water will be delivered via the tip. Hence, it is a perfect tool to create different aquarelle techniques or to mix colours.

- Perfect for use on the move
- Suitable for producing aquarelle or water colour-style painting at any time, in any place, without the need for extra equipment
- Extremely durable nylon tip
- Contains water tank with 10ml capacity
- Available individually or as a set of three

- Smooth writing, acid-free gel ink pen with 0.8mm medium tip
- Gold, silver and white or metallic ink colours
- Comfortable rubber grip, ideal for prolonged use
- Great for greeting cards, gift tags, scrapbooking, drawings and photo albums
- Gold, silver and metallic ink, perfect for light and dark coloured papers
- White ink dramatic on dark coloured paper

Recycology

Recycology from Pentel is a range of filing products, display books, writing and drawing instruments which help to make the world's resources go further. Made from more than 50% recycled materials the products use fewer valuable virgin resources than standard equivalents, without compromising quality. Many products in the range are long-lasting, refillable and/or reusable.

Inspired by the concept of the 3Rs – Reduce, Reuse, Recycle – Recycology products also incorporate the style and performance associated with Pentel. So, now you can enhance your environment, as well as help to protect it.

Recycology writing instruments are shown within their product families. Look for the Recycology logo throughout this catalogue.

Percentage of recycled material based on the total weight of the product excluding consumable elements.

DISPLAY BOOK SUPERIOR

- Superior quality display book with top-opening pockets
- Title space on spine for easy reference
- Handy inside pocket for business cards, notes, documents, CDs
- Non-reflective, matt finish, low-static pockets with insert paper
- A3 size with 20 pockets
- Made from at least 50% recycled material

Colourful, informative, full of impact: these are the key features of our merchandising units. From 24-piece mini packs, ideal for till point or counters, to floor-standing display units for loose products and blister cards, we've got merchandising solutions for a breadth of Pentel products.

Where space is limited our mini packs maximise awareness in the smallest of areas, while Ultima display systems are the perfect, one-stop solution for a wide range of Pentel products. As our range is changing all the time please contact your Pentel representative for the most up-to-date information.

NEW **BLISTER CARD RANGE**

Our best-ever blistercards are here! Their bold, eye-catching red and white design certainly stands out from the crowd. The front of the card demonstrates a simple, uncluttered approach, showing the most important product information - such as tip size or main feature - and allowing the product to be the main focal point of the blistercard.

The rear of the card provides more detailed product information, as well as suggestions for other products of interest within the range.

The new rectangular shape card with its distinctive 'ear piece' has proved a huge success, as it allows more room to display the product and branding clearly, as well as looking fantastic . With an even wider range of products now available on our new blistercards we're providing the very best support at point-of-sale.

Find out more about our range, call your local representative today.
